Programs

Making up for the snow day! Tuesday the 23rd will be print night. I hope Diana is quick enough to get the prints out to 4C's for the February judging. Did I mention that she and I were trying to eat our way through EPCOT in 80 degree weather that very same Tuesday?

Field Trips

FPCC Shoot-in is tentatively scheduled for February 17th. As in the past we will have several setups for you to experiment with. Look for Ultra-Violet; thin film, Mylar, portrait, ink drops, and other setups. This will be both morning and afternoon so we will want to think about a group lunch somewhere close to the PUD on 117th St. Those of us who will be setting up activities should be ready for general opening at 10am.

Painted Hills, Prineville and beyond: This overnight trip April 21 and 22 will catch the spring flowers in and around the painted hills and the fossil beds. Mickey also has his eye on Sheep Rock where there are some interesting formations.

Classes: Doug Fischer has gotten several Photoshop video classes from PSA. When do you want to have them presented? Please let Doug have you ideas. Possibilities could be program nights or meeting of those interested at someones home, or ???
